

Hi WPSOT!

My name is Jack. I am 2 and a half years old. I am a therapy dog in training at Bennett Assessment & Behavior Center for Children (BABCC)!

For training, I visit stores, doctor's offices, and WPSOT! I help kids feel calm, safe and supported when they are sad, angry, or overwhelmed. I understand some sign language, gestures, and words. (My favorite word is "jailbreak" because that is when I can go for a walk!) The best part is making new friends and getting snuggles!

I like to play hide-and-seek, explore in the woods, and run outside really fast! I also love to chase squirrels and play at the beach or in the snow. My favorite toys are frisbees.

I want to help people by being a relaxed and reassuring friend.

From,
Jack
